The T-Flow™ mixer is an innovative evolution of the standard static mixer. This mixer dispenses any chemical anchor cartridge system using less force, with superior mixing and less wastage than any other mixer currently available.

- **Less extrusion force**
- **Faster extrusion**
- **Less wastage**
- **Ideal for Point of Sale**
- **Suitable for all resin and cartridge types**

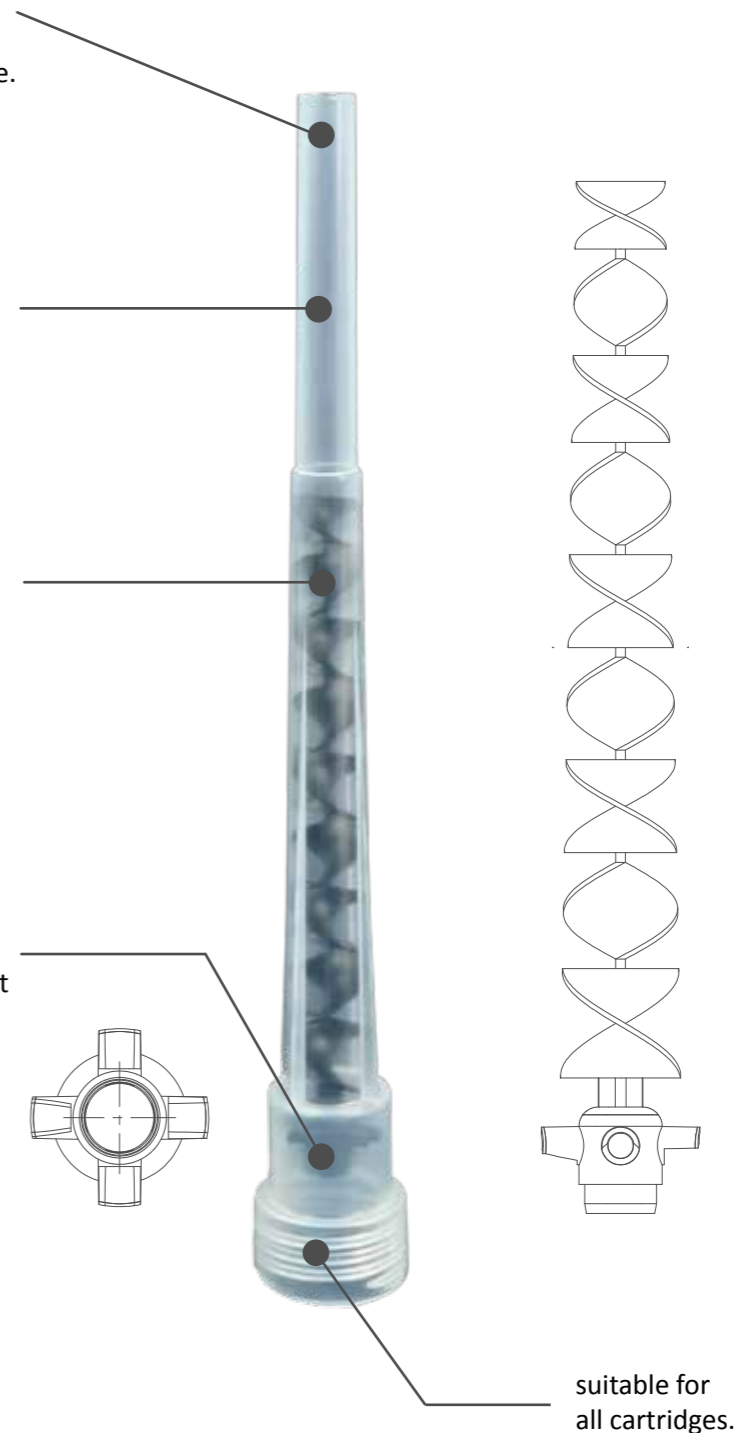

The Result..

superior mixing compared to other mixers currently available.

instantly mixed product with no wastage.

x9 helical mixing deflectors inside.

special disruptor for diffusion effect to reduce force.

Patent GB2484694

T-Flow™ Mixer
