Safety Data Sheet MAPELASTIC /A Safety Data Sheet dated: 08/09/2020 - version 1

Date of first edition: 08/09/2020

1: Identification

GHS Product Identifier

Mixture identification:

Trade name: MAPELASTIC /A

Trade code: 901671

Recommended use of the chemical and restrictions on use

Recommended use: Ready prepared cement mortar

Uses advised against: Not available

Supplier's details

Company: MAPEI CONSTRUCTION CHEMICALS L.L.C P.O. BOX 73869 DUBAI - United Arab Emirates

Responsible: info@mapei.ae

Emergency phone number

Office: 00971 4 8156666 Office: 00971 4 8156666 Factory : 00971 4 8858428

2: Hazard identification

Classification of the substance or mixture

Skin Irrit. 2	Causes skin irritation.			
Eye Dam. 1	Causes serious eye damage.			
Skin Sens. 1B	May cause an allergic skin reaction.			
STOT SE 3	May cause respiratory irritation.			
Adverse physicochemical, human health and environmental effects:				
No other hazards	5			

GHS label elements, including precautionary statements

Pictograms and Signal Words

Hazard statements:

H315	Causes skin irritation.
H317	May cause an allergic skin reaction.
H318	Causes serious eye damage.
H335	May cause respiratory irritation.

Precautionary statements:

Frecautionary	tratements.
P261	Avoid breathing dust.
P264	Wash hands thoroughly after handling.
P271	Use only outdoors or in a well-ventilated area.
P280	Wear protective gloves/protective clothing/eye protection/face protection/hearing protection/
P302+P352	IF ON SKIN: Wash with plenty of water.
P304+P340	IF INHALED: Remove person to fresh air and keep comfortable for breathing.
P305+P351+P33	8 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
P312	Call a POISON CENTER if you feel unwell.
P321	Specific treatment (see supplementary instructions on this label)
P333+P313	If skin irritation or rash occurs: Get medical advice.
P362+P364	Take off contaminated clothing and wash it before reuse.
P403+P233	Store in a well-ventilated place. Keep container tightly closed.
P501	Dispose of contents/container in accordance with applicable regulations.
Déstalation	

Other hazards which do not result in a classification

No other hazards

Prolonged exposition and/or intensive inhalation of respirable free crystalline silica (average diameter less than 10 micron in accordance with ACGIH) can cause pulmonary fibrosis commonly referred to as silicosis.

This preparation contains cement. Contact between cement and body fluids (e.g. sweat and eye fluids) may cause irritation or burns.

4: First-aid m	easures				
Description of	necessary first-aid meas	ures			
In case of skin co	ontact:				
Immedi	ately take off all contaminat	ted clothing.			
OBTAIN	IMMEDIATE MEDICAL ATTE	INTION.			
Remove	e contaminated clothing imn	nediately and dispo	se of safely.		
After co	ntact with skin, wash imme	diately with soap a	nd plenty of	water.	
In case of eyes of	contact:				
immedia	ately.	ith water with the	eyelids open	for a sufficient length of time, the	en consult an opthalmologist
	uninjured eye.				
In case of Ingest					
Do not i	induce vomiting, get medica	al attention showing	g the SDS ar	nd the hazard label.	
In case of Inhala					
In case	of inhalation, consult a doct	,	d show him	packing or label.	
In case Most important		,	d show him	packing or label.	
In case Most important Eye irritation	of inhalation, consult a doct	,	d show him	packing or label.	
In case Most important Eye irritation Eye damages	of inhalation, consult a doct	,	d show him	packing or label.	
In case Most important Eye irritation Eye damages Skin Irritation	of inhalation, consult a doct	,	d show him	packing or label.	
In case Most important Eye irritation Eye damages Skin Irritation Erythema	of inhalation, consult a doct	e and delayed			
In case Most important Eye irritation Eye damages Skin Irritation Erythema Indication of in	of inhalation, consult a doct t symptoms/effects, acut nmediate medical attenti	e and delayed on and special tr	eatment ne	eded, if necessary	
In case Most important Eye irritation Eye damages Skin Irritation Erythema Indication of in In case of accide	of inhalation, consult a doct t symptoms/effects, acut nmediate medical attenti nt or unwellness, seek med	e and delayed on and special tr	eatment ne		neet if possible).
In case Most important Eye irritation Eye damages Skin Irritation Erythema Indication of in	of inhalation, consult a doct t symptoms/effects, acut nmediate medical attenti	e and delayed on and special tr	eatment ne	eded, if necessary	neet if possible).
In case Most important Eye irritation Eye damages Skin Irritation Erythema Indication of in In case of accide	of inhalation, consult a doct t symptoms/effects, acut nmediate medical attenti nt or unwellness, seek med Not available	e and delayed on and special tr	eatment ne	eded, if necessary	eet if possible).
In case Most important Eye irritation Eye damages Skin Irritation Erythema Indication of in In case of accide Treatment:	of inhalation, consult a doct t symptoms/effects, acut mmediate medical attenti int or unwellness, seek med Not available ng measures	e and delayed on and special tr	eatment ne	eded, if necessary	neet if possible).
In case Most important Eye irritation Eye damages Skin Irritation Erythema Indication of in In case of accide Treatment: 5: Fire-fightir	of inhalation, consult a doct t symptoms/effects, acut mediate medical attenti nt or unwellness, seek med Not available ng measures nedia	e and delayed on and special tr	eatment ne	eded, if necessary	neet if possible).
In case Most important Eye irritation Eye damages Skin Irritation Erythema Indication of in In case of accide Treatment: 5: Fire-fightir Extinguishing r	of inhalation, consult a doct t symptoms/effects, acut mediate medical attenti nt or unwellness, seek med Not available ng measures nedia	e and delayed on and special tr	eatment ne	eded, if necessary	neet if possible).

Personal precautions, protective equipment and emergency procedures

Wear personal protection equipment.

Wear breathing apparatus if exposed to vapours/dusts/aerosols.

Provide adequate ventilation.

Use appropriate respiratory protection.

See protective measures under point 7 and 8.

Environmental precautions

Do not allow to enter into soil/subsoil. Do not allow to enter into surface water or drains.

Retain contaminated washing water and dispose it.

In case of gas escape or of entry into waterways, soil or drains, inform the responsible authorities.

Suitable material for taking up: absorbing material, organic, sand

Methods and material for containment and cleaning up

Suitable material for taking up: absorbing material, organic, sand Wash with plenty of water.

7: Handling and storage

Precautions for safe handling

Avoid contact with skin and eyes, inhalation of vapours and mists.

Do not use on extensive surface areas in premises where there are occupants.

Use localized ventilation system.

Don't use empty container before they have been cleaned.

Before making transfer operations, assure that there aren't any incompatible material residuals in the containers.

Contaminated clothing should be changed before entering eating areas.

Do not eat or drink while working.

See also section 8 for recommended protective equipment.

Conditions for safe storage, including any incompatibilities

Always keep in a well ventilated place.

Incompatible materials:

None in particular.

Instructions as regards storage premises:

Cool and adequately ventilated.

8: Exposure controls/personal protection **Control parameters**

Appropriate engineering controls: Not available

Individual protection measures, such as personal protective equipment (PPE)

Eye protection:

Use close fitting safety goggles, don't use eye lens.

Protection for skin:

Use clothing that provides comprehensive protection to the skin, e.g. cotton, rubber, PVC or viton.

Protection for hands:

Use protective gloves that provides comprehensive protection, e.g. P.V.C., neoprene or rubber.

Respiratory protection:

Use respiratory protection where ventilation is insufficient or exposure is prolonged.

9: Physical and chemical properties

Color: Grey Appearance: powder Odour: Characteristic Odour threshold: Not available pH: Not available pH (water dispersion, 10%): 12.00 Melting point / freezing point: Not available Initial boiling point and boiling range: Not available Flash point: Not available Evaporation rate: Not available Solid/gas flammability: Not available Upper/lower flammability or explosive limits: Not available Vapour pressure: Not available Vapour density: Not available Relative density: Not available Solubility in water: partly soluble Solubility in oil: Soluble Partition coefficient (n-octanol/water): Not available Auto-ignition temperature: Not available Decomposition temperature: Not available Viscosity: Not available

10: Stability and reactivity

Reactivity
Stable under normal conditions
Chemical stability
Data not available.
Possibility of hazardous reactions
None.
Conditions to avoid
Stable under normal conditions.
Incompatible materials
None in particular.

Hazardous decomposition products

11: Toxicological information Information on toxicological effects

Toxicological information of the product: No data available

12: Ecological information

Ecotoxicity

Adopt good working practices, so that the product is not released into the environment. Eco-Toxicological Information:

Production Name

List of Eco-Toxicological properties of the product

No data available

Persistence and degradability

Not available

Bioaccumulative potential

Not available

Mobility in soil

Not available

Other adverse effects

No Components with evironmental hazard properties found.

13: Disposal considerations

Disposal methods

The generation of waste should be avoided or minimized wherever possible. Recover if possible.

Methods of disposal:

Disposal of this product, solutions, packaging and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements.

Dispose of surplus and nonrecyclable products via a licensed waste disposal contractor.

Do not dispose of waste into sewers.

Disposal considerations:

Do not allow to enter drains or watercourses.

Dispose of product according to all federal, state and local applicable regulations.

If this product is mixed with other wastes, the original waste product code may no longer apply and the appropriate code should be assigned.

Dispose of containers contaminated by the product in accordance with local or national legal provisions. For further information, contact your local waste authority.

Special precautions:

This material and its container must be disposed of in a safe way. Care should be taken when handling untreated empty containers. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.

Empty containers or liners may retain some product residues. Do not re-use empty containers.

14: Transport information

Not classified as dangerous in the meaning of transport regulations.

UN number

Not available

UN proper shipping name

Not available

Transport hazard class(es)

Not available

Packing group, if applicable

Road and Rail (ADR-RID) :

Not available

Air (IATA):

Not available

Sea (IMDG) :

15: Regulatory information

Safety, health and environmental regulations specific for the product in question

This Safety Data Sheet has been prepared according to the Globally Harmonized System of Classification and Labelling of Chemicals (GHS), Fifth revised edition.

SCAQMD Rule 1113 : 0 (A+B) SCAQMD Rule 1168: N.A.

16: Other information

Code	Description
	Description

H315 Causes skin irritation.

H317 May cause an allergic skin reaction.

H318 Causes serious eye damage.

H335 May cause respiratory irritation.

This document was prepared by a competent person who has received appropriate training.

The information contained herein is based on our state of knowledge at the above-specified date. It refers solely to the product indicated and constitutes no guarantee of particular quality.

It is the duty of the user to ensure that this information is appropriate and complete with respect to the specific use intended.

This SDS cancels and replaces any preceding release.

Legend to abbreviations and acronyms used in the safety data sheet:

ADR: European Agreement concerning the International Carriage of Dangerous Goods by Road.

RID: Regulation Concerning the International Transport of Dangerous Goods by Rail.

IMDG: International Maritime Code for Dangerous Goods.

IATA: International Air Transport Association.

IATA-DGR: Dangerous Goods Regulation by the "International Air Transport Association" (IATA).

ICAO: International Civil Aviation Organization.

ICAO-TI: Technical Instructions by the "International Civil Aviation Organization" (ICAO).

GHS: Globally Harmonized System of Classification and Labeling of Chemicals.

CLP: Classification, Labeling, Packaging.

EINECS: European Inventory of Existing Commercial Chemical Substances.

INCI: International Nomenclature of Cosmetic Ingredients.

CAS: Chemical Abstracts Service (division of the American Chemical Society).

GefStoffVO: Ordinance on Hazardous Substances, Germany.

LC50: Lethal concentration, for 50 percent of test population.

LD50: Lethal dose, for 50 percent of test population.

DNEL: Derived No Effect Level.

PNEC: Predicted No Effect Concentration.

TLV: Threshold Limiting Value.

TWATLV: Threshold Limit Value for the Time Weighted Average 8 hour day. (ACGIH Standard).

STEL: Short Term Exposure limit.

STOT: Specific Target Organ Toxicity.

WGK: German Water Hazard Class.

KSt: Explosion coefficient.
