If that is your fundamental purpose, you need to aim to maintain your price on the low side. Some authors have even priced their ebooks at a revenue loss to draw a high number of new customers. The bottom line is to find a value that maximizes your profits and the variety of books you sell.

This is an excellent pricing technique in case you are trying to purchase long-time period customers. Long-time period prospects are extraordinarily seemingly to purchase from you again and once more ? as long as the first ebook they buy is of distinctive high quality and beneficial to the customer.

However, in case your book comprises helpful ? and extra importantly NEW info, references, or strategies ? then you must goal to cost it on the excessive end.

After you figure out your aim, you need to determine what your viewers's need is for your ebook. For instance, does your guide resolve a specific drawback? If it does, and solves it in a approach that hasn't been written about in one hundred different ebooks, you may be capable of obtain high sales at a high price. Just be ready in your competition to undercut you on value as soon as

they hear about your book.

If you want to see giant profits over customer draw, goal for an audience that's searching for easy solutions to their problems at a low price. If your e-book is aimed toward solving one specific problem rather than normal recommendation, then you possibly can charge more. Start at the highest value the market will bear to usher in the largest profits, and plan to low cost the e-book a number of instances all through the year.

Do that by making a sales page for the brand new guide, but don't embrace a price on that page. As a substitute, add a number of hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other strategy is to test out prices by creating a variety of duplicate sales pages with totally different prices on each page. Make sure your sales copy is strictly the identical on each web page, and contains your selling-deal with sentence. Then figure out for each web page the conversion ratio between visitors to your site and gross sales of your book. It will tell you what your optimum price is.

Finally, in the event you've written a book that solves a downside or presents a new approach, your guide will herald each site visitors and profits.
