An effective technique for determining a value is to ship out a survey to your present customers. If these customers have already bought an ebook from you, ask for their opinion when it comes to price. Do this by creating a sales web page for the new e book, but do not embody a value on that page. Instead, add numerous links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other strategy is to check out costs by making a variety of duplicate gross sales pages with completely different costs on every page. Make sure that your gross sales copy is exactly the same on every web page, and consists of your promoting-handle sentence. Then figure out for each page the conversion ratio between visitors to your web site and gross sales of your book. It will tell you what your optimum worth is.

Finally, for those who've written a e book that solves a problem or presents a new technique, your e book will herald both site visitors and profits. So be sure to write that selling-deal with sentence that sums up what drawback your ebook solves and what the advantages of your 1148 e book shall be to the customers who buy it. And then watch your market come to you!
