An efficient method for figuring out a worth is to ship out a survey to your present customers. If these customers have already bought an e-book from you, ask for his or her opinion when it comes to price. Do that by creating a sales web page for the new guide, but don't embody a worth on that page. As an alternative, add quite a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another technique is to check out prices by making a variety of duplicate sales pages with different prices on each page. Be certain that your gross sales copy is precisely the same on each page, and

contains your promoting-deal with sentence. Then determine for each web page the conversion ratio between visitors to your website and gross sales of your book. This will let you know what your optimum worth is.

In the end, for those who've written a book that solves a downside or presents a new approach, your book will herald both visitors and profits.
