An effective technique for determining a price is to ship out a survey to your current customers. If these prospects have already purchased an e-book from you, ask for his or her opinion when it comes to price. Do that by creating a sales web page for the new ebook, however don't embody a value on that page. As an alternative, add a variety of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to test out costs by creating a number of duplicate sales pages with completely different costs on every page. Ensure that your sales copy is precisely the identical on

each page, and includes your promoting-handle sentence. Then determine for every page the conversion ratio between guests to your web site and sales of your book. This can tell you what your optimum worth is.

Finally, if you've written a book that solves a problem or presents a brand new method, your guide will bring in both visitors and profits. So make sure you write that selling-deal with sentence that sums up what drawback your e-book solves and what the advantages of your 1770 guide shall be to the shoppers who buy it.
