Understand that the above pricing technique is temporary. Finally, you'll cease to sell books at this excessive price. So figure out upfront how lengthy you plan to supply your e-book at this high value, and when that point is up, change your pricing strategy.

If you want to see giant earnings over customer draw, goal for an audience that is on the lookout for straightforward solutions to their problems at a low price. If your e-book is aimed toward solving one specific problem slightly than general advice, then you'll be able to cost more. Start on the highest value the market will bear to bring in the largest profits, and plan to low cost the ebook a number of instances throughout the year.

## Advertising Methods

The key that unlocks the gross sales potential of your book is to find a single sentence that turns into your promoting handle. An effective technique for determining a value is to send out a survey to your present customers.
