Then be sure to use that sentence in each piece of gross sales and promotional materials, and each time anybody asks you about your ebook.

In addition to selling your books assiduously on-line, there are a number of different methods that can enable you to promote more books.

One is to present one thing away at no cost along with your e-book, reminiscent of a helpful bonus item. Or bundle several ebooks beneath one price, which lowers the worth for each e-book in the event that they have been bought separately.

An efficient technique for figuring out a price is to ship out a survey to your present customers. If these clients have already bought an e book from you, ask for his or her opinion in terms of price. Do this by creating a sales page for the new e book, but don't embody a value on that page. Instead, add quite a lot of links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other strategy is to check out prices by creating a number of duplicate gross sales pages with totally different prices on each page. Be sure your sales copy is strictly the same on every page,

and includes your promoting-handle sentence. Then determine for each page the conversion ratio between guests to your site and sales of your book. This may inform you what your optimum value is.

Finally, should you've written a book that solves a drawback or presents a new technique, your e-book will herald both site visitors and profits. So make sure to write that promoting-deal with sentence that sums up what drawback your e-book solves and what the benefits of your 202 ebook can be to the shoppers who purchase it. And then watch your market come to you!
