One other technique is to test out costs by making a number of duplicate gross sales pages with different costs on each page. Be sure that your sales copy is strictly the identical on every page, and contains your promoting-handle sentence. Then determine for each page the conversion ratio between guests to your web site and sales of your book. It will inform you what your optimum price is.

Ultimately, if you've written a book that solves a problem or presents a brand new technique, your book will usher in both traffic and profits.
