One is to present something away totally free along with your guide, akin to a priceless bonus item. Or bundle several ebooks below one worth, which lowers the worth for every book if they had been sold separately.

An effective technique for figuring out a price is to ship out a survey to your present customers. If these clients have already purchased an ebook from you, ask for their opinion in terms of price. Do this by creating a sales page for the new e book, but do not include a worth on that page. As an alternative, add a variety of hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other strategy is to check out costs by making a number of duplicate gross sales pages with different prices on every page. Be certain that your sales copy is precisely the identical on each

web page, and contains your promoting-handle sentence. Then determine for every page the conversion ratio between guests to your web site and sales of your book. This may inform you what your optimum worth is.

Finally, if you've written a e-book that solves a downside or presents a new approach, your e book will bring in both visitors and profits.
