Start on the highest price the market will bear to herald the largest income, and plan to low cost the book a number of times throughout the year.

## Marketing Methods

The key that unlocks the gross sales potential of your e book is to find a single sentence that becomes your promoting handle. This sentence states what query or downside your e-book answers and the benefits your book can provide. Then you'll want to use that sentence in each piece of gross

sales and promotional materials, and each time anyone asks you about your ebook.

Besides promoting your books assiduously online, there are several different strategies that may help you promote more books.

One is to provide something away free of charge along with your e-book, such as a useful bonus item. Or bundle several ebooks underneath one worth, which lowers the worth for every e book in the event that they had been bought separately.

An effective method for figuring out a worth is to ship out a survey to your present customers. If these prospects have already purchased an book from you, ask for his or her opinion in terms of price. Do this by making a gross sales web page for the new e book, but don't embody a value on that page. As a substitute, add various links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other strategy is to test out costs by making a number of duplicate sales pages with different costs on every page. Be certain that your sales copy is strictly the same on every page, and consists of your promoting-deal with sentence. Then work out for every web page the conversion ratio between visitors to your site and gross sales of your book. It will inform you what your optimum worth is.

In the end, when you've written a e book that solves a downside or presents a new technique, your e book will bring in both site visitors and profits. So remember to write that promoting-deal with sentence that sums up what problem your guide solves and what the advantages of your 2356 book can be to the customers who buy it.
