An efficient approach for figuring out a value is to ship out a survey to your present customers. If these clients have already purchased an ebook from you, ask for his or her opinion when it comes to price. Do that by making a gross sales page for the new guide, but do not embrace a price on that page. As a substitute, add numerous links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other strategy is to check out costs by creating a variety of duplicate gross sales pages with completely different costs on each page. Be certain that your gross sales copy is exactly the same on every page, and includes your promoting-handle sentence. Then work out for every web page the conversion ratio between visitors to your website and sales of your book. This will tell you what your optimum price is.
