Another strategy is to check out prices by making a variety of duplicate sales pages with completely different prices on every page. Be certain that your sales copy is strictly the identical on every

page, and contains your selling-handle sentence. Then work out for each page the conversion ratio between visitors to your website and gross sales of your book. It will let you know what your optimum worth is.

Finally, if you've written a ebook that solves a problem or presents a brand new method, your book will bring in both traffic and profits.
