An effective method for figuring out a price is to ship out a survey to your current customers. If these prospects have already purchased an book from you, ask for his or her opinion by way of price. Do that by creating a sales page for the new guide, but do not embody a worth on that page. As a substitute, add a lot of links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another technique is to check out prices by creating a number of duplicate gross sales pages with different prices on each page. Ensure your sales copy is precisely the same on every web page, and

includes your promoting-handle sentence. Then work out for each web page the conversion ratio between guests to your site and gross sales of your book. This may tell you what your optimum price is.

In the end, if you happen to've written a book that solves a problem or presents a new approach, your ebook will usher in each site visitors and profits. So make sure you write that selling-handle sentence that sums up what problem your book solves and what the benefits of your 2585 ebook will probably be to the purchasers who purchase it.
