An effective approach for figuring out a worth is to send out a survey to your current customers. If these clients have already bought an ebook from you, ask for his or her opinion in terms of price. Do this by making a gross sales web page for the new e book, but do not embody a value on that page. Another technique is to check out costs by creating a number of duplicate sales pages with completely different costs on each page. Be sure that your sales copy is precisely the identical on each web page, and consists of your selling-deal with sentence. Then figure out for every web page the conversion ratio between guests to your site and gross sales of your book. This can tell you what your optimum price is.
