An efficient approach for determining a worth is to send out a survey to your current customers. If these customers have already bought an e-book from you, ask for their opinion in terms of price. Do that by creating a gross sales web page for the brand new book, however do not embrace a value on that page. As an alternative, add a lot of links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other strategy is to test out costs by making a variety of duplicate gross sales pages with different costs on every page. Ensure your sales copy is precisely the same on each page, and

contains your promoting-handle sentence. Then determine for every page the conversion ratio between visitors to your site and gross sales of your book. This will let you know what your optimum price is.

In the end, if you've written a e-book that solves a problem or presents a brand new approach, your ebook will bring in each visitors and profits. So be sure you write that selling-handle sentence that sums up what problem your e book solves and what the advantages of your 378 e-book will likely be to the shoppers who purchase it.
