An effective method for figuring out a value is to ship out a survey to your current customers. If these prospects have already bought an e book from you, ask for his or her opinion in terms of price. Do that by creating a sales web page for the new e book, but do not embody a worth on that page. As a substitute, add various links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another technique is to test out prices by making a number of duplicate sales pages with different prices on every page. Make sure your sales copy is strictly the same on each web page, and contains

your promoting-handle sentence. Then determine for each page the conversion ratio between visitors to your web site and sales of your book. This can inform you what your optimum worth is.

Ultimately, for those who've written a guide that solves a drawback or presents a new method, your book will herald each visitors and profits.
