An effective approach for figuring out a price is to ship out a survey to your current customers. If these prospects have already bought an book from you, ask for their opinion by way of price. Do this by creating a gross sales web page for the new ebook, but don't embody a value on that page. As an alternative, add a variety of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another strategy is to check out prices by creating a number of duplicate gross sales pages with totally different prices on each page. Make sure your gross sales copy is precisely the similar on

every page, and includes your promoting-deal with sentence. Then determine for every web page the conversion ratio between visitors to your website and sales of your book. It will inform you what your optimum worth is.

Ultimately, if you've written a book that solves a downside or presents a new technique, your e-book will usher in both visitors and profits. So remember to write that promoting-deal with sentence that sums up what downside your ebook solves and what the benefits of your 710 e-book shall be to the customers who purchase it.
