One is to present one thing away for free together with your e book, corresponding to a precious bonus item. Or bundle several ebooks under one worth, which lowers the price for every book if they had been sold separately.

An efficient approach for figuring out a value is to ship out a survey to your current customers. Make certain your sales copy is precisely the similar on every web page, and contains your promoting-deal with sentence. Then determine for each web page the conversion ratio between guests to your web site and gross sales of your book. This will let you know what your optimum value is.

Finally, if you've written a e book that solves a drawback or presents a new technique, your book

will bring in both visitors and profits. So make sure you write that selling-deal with sentence that sums up what downside your e-book solves and what the benefits of your 847 e book can be to the customers who buy it. And then watch your market come to you!
